YOUR CMR PROFILE

BUILDING YOUR CMR PROFILE

Your **CMR Profile** is essential for job applications. It showcases your skills, qualifications, and experience to the Recruitment Team. The team reviews applications and presents suitable candidates to our clients, who always make the final decision on job offers. To improve your chances of being shortlisted and presented to clients, make sure your profile includes:

1. Personal Details

- Name, address, contact email, and phone number
- Date of Birth (DOB)

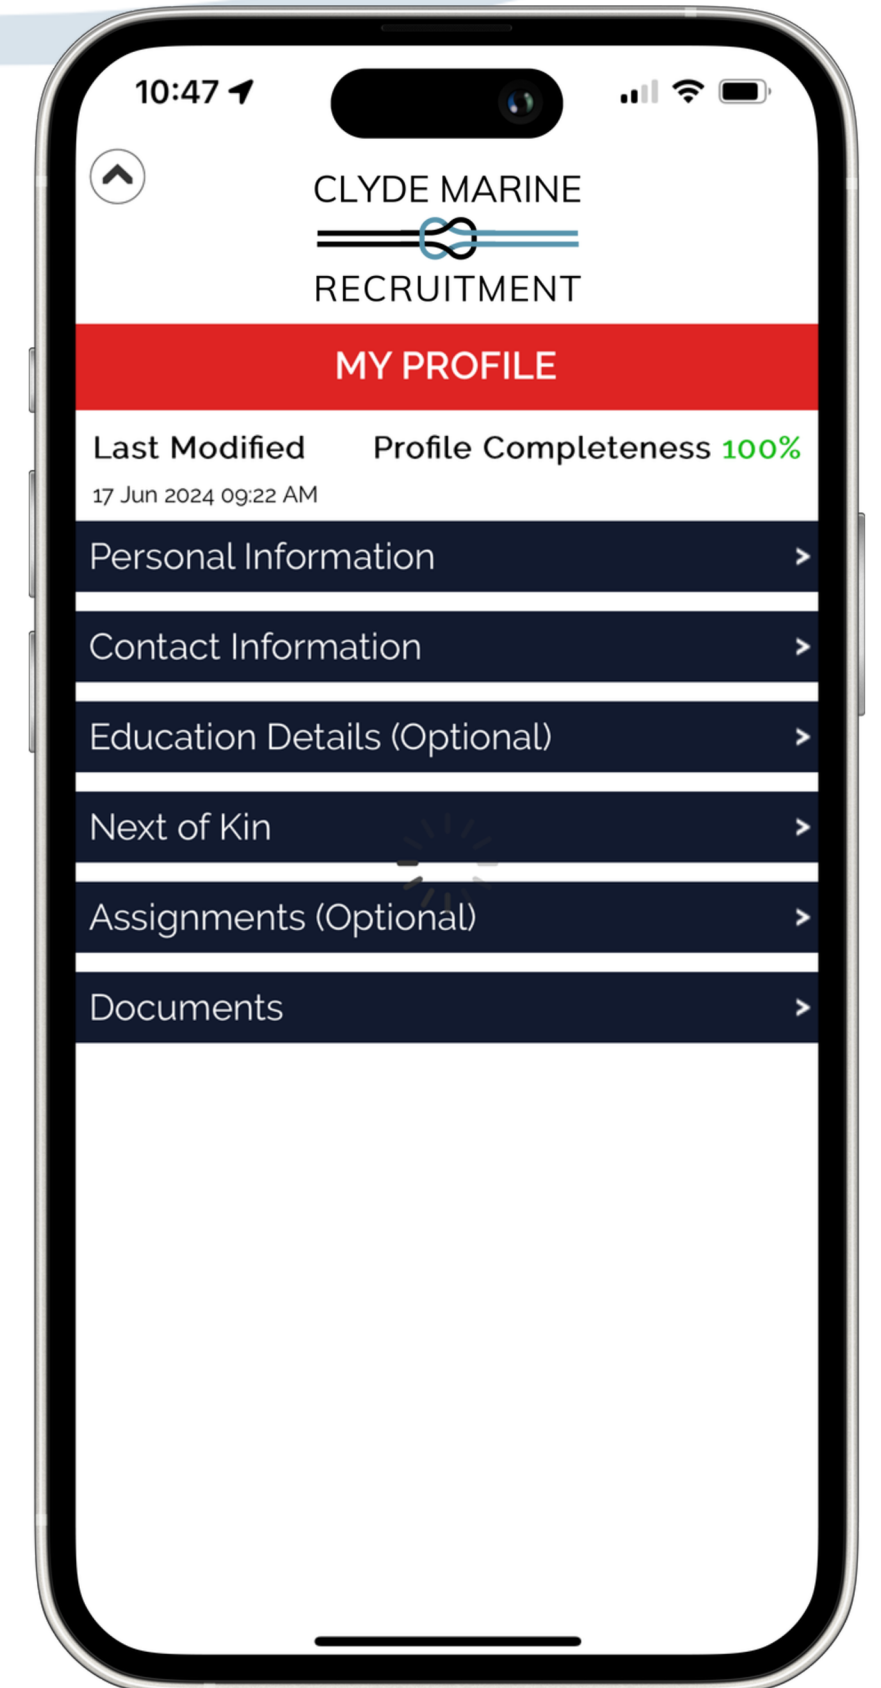

2. Document Uploads

- CV, certifications, and travel documents
- Ensure all documents are correctly categorised for verification.
- Upload every document, even those you think might not be essential—clients value seeing the full scope of your experience and qualifications.

3. Assignments

- Add your sea service history, listing ship owners as employers.

Tip: Profiles that are fully completed are much more likely to be shortlisted for jobs.

MANAGING YOUR PROFILES

Your **Ankaa profile** is the primary location for storing information and documents. Updates made in Ankaa will automatically sync to your **CMR profile**. However, please note that if you upload a new document directly to your CMR profile, it will **not** sync back to Ankaa.

Additionally, there is specific information required to complete your CMR profile—such as **Next of Kin details, NI/EUID Numbers, Bank details, etc.**—which must be entered directly into the CMR profile.

HOW TO SWITCH BETWEEN ACCOUNTS

To toggle between your Ankaa and CMR accounts:

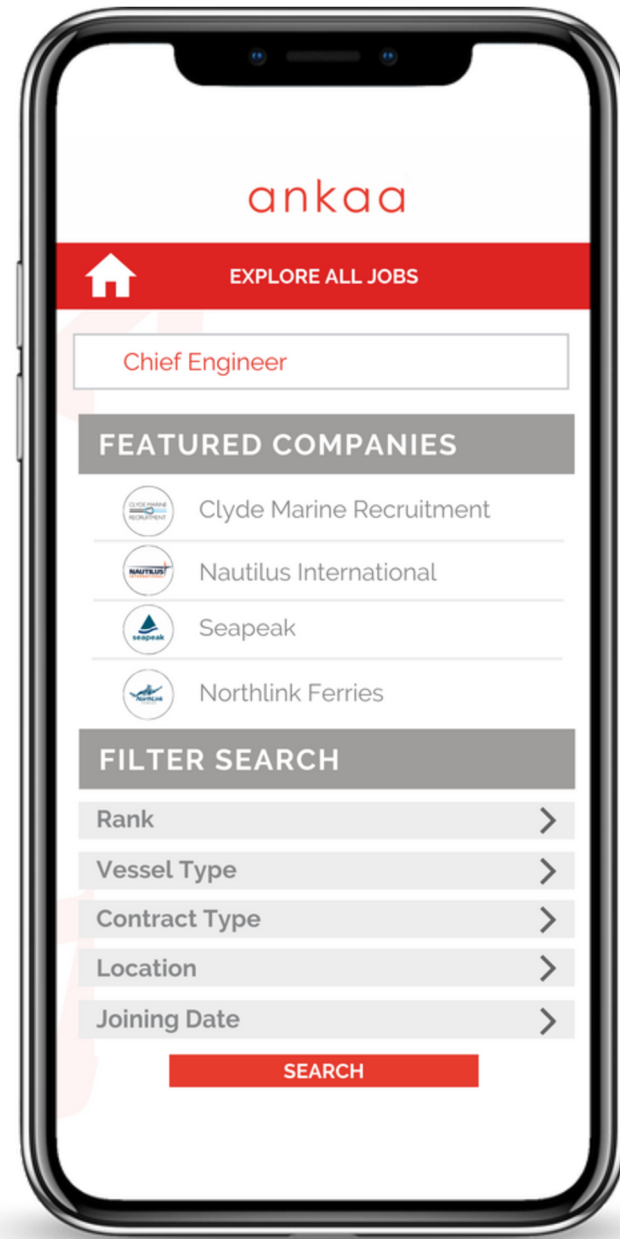

- Click the two arrows at the top left of your home page.
- Select the account you want to update.
